

LWG Medal Rated Mark – Terms and Guidelines for Use

This mark is the absolute property of the Leather Working Group and as such may only be used by companies that have been audited by LWG-Approved auditors and awarded a medal rating against the Leather Working Group environmental auditing protocol.

The mark may only be used by persons (individual, or body of persons corporate or unincorporated) to whom the Company has issued approval.

The mark may only be used for the period of the audit's validity. If your audit lapses, or if you are not awarded the same standard of rating in your re-audit, you must cease using the mark immediately.

The mark **MUST** be used in conjunction with a unique reference number (URN) specific to your company. Once your audit is complete, your mark with your URN will be sent to you. Please see examples below:

Do not increase or decrease the size of either mark. If you wish to use the mark in a larger or smaller size, please contact us at info@leatherworkinggroup.com and we will provide it in the appropriate format.
